A

is
for

All.

- Only **40%** of cops
beat their spouses,
but **100%** dedicate their
lives to serving capital,
upholding racist systems,
and protecting private
property over the lives of
poor folk, queer folk, and
people of color.

- **Even** your cousin Dan
Especially your cousin D.

All cops are bastards, especially
whatever bastard cop you're related to.

C is for
Cops.

≡ Did you know? ≡
The gender-neutral term
for a policeman/woman is "pig."

;)

"Cops" is inclusive!

-ICE -Feds -Kamala
-TSA -Fare Enforcement

Being a cop isn't
about a uniform - it's
about using a legal
monopoly on violence
to surveil, threaten,
and police the existence
of Others.

A

≡

are.

for

♥ Fun Fact: ♥

Blue "lives" don't
matter:

God COPS quit!

Not "were": the

modern US police force
arose from fugitive slave
patrols. The optics have shifted,
but their purpose is unchanged:
the control of minority bodies,
the protection of capital, and the
maintenance of injustices in the
status quo.

Not "always will be":

The police state is not an
inevitability, and society can, and
has, existed without it.

Complete abolition of prisons and
the police is possible in our lifetime
